

## HEALTHCARE CHRISTIAN FELLOWSHIP AUSTRALIA

### EA VENGELISM STREAM

Evangelism is proclaiming the Gospel – the good news about Jesus Christ which is God’s power to save all who believe it and turn from sin to follow him.

In a general sense, evangelism refers to our human efforts of proclaiming this message to any audience of believers and non-believers. But in real sense, we proclaim the gospel with the hope that the sick we serve and the colleagues we work with and the people we share life with outside of work respond by trusting, repenting, and following and obeying Jesus Christ.

**Mark 16:15**

He said to them, “Go into the entire world and preach the gospel to all creation.

**Matthew 28:19-20**

Therefore go and make disciples of all nations, baptizing them in the name of the Father and of the Son and of the Holy Spirit, and teaching them to obey everything I have commanded you. And surely I am with you always, to the very end of the age.

**Matthew 9:37-38**

Then he said to his disciples, “The harvest is plentiful but the workers are few. Ask the Lord of the harvest, therefore, to send out workers into his harvest field.

Would you like to join us to proclaim the hope to a world that does not have a hope and a future!

As we read above Jesus Christ the greatest evangelist is calling us to continue the work he started.

How and what you can do?

Make a list of 5 people (patient and colleague) who do not know Jesus, for whom you will pray and with whom you will share the gospel.

This week, take the initiative to share the gospel with someone on this list.

Share what the Bible says about evangelism with another Christian this week.
