

Complete Person care

We are one of the streams within the Healthcare Christian Fellowship Australia family and we are seeking from the Lord and preparing ourselves. We are encouraging Christians not in direct healthcare work force but involved in caring for people in their daily walk.

Objective

Complete Person care is a hub for all those with a Christ like serving attitude, evangelistic desire and the heart of the Good Samaritan. This vision is based on the teachings in **Luke 10:25-35** and **Matthew 28:19**. Jesus Christ himself demonstrated this model.

People will be the focus. **Jesus Christ** will be the centre. Addressing the hurting and needy heart, mind, soul and spirit will be the heartbeat.

Function

This will complement the physical care and the plans outlined by the healthcare professionals from various facilities.

Through this stream we aim to support healthcare workers in other streams to attend to their patients' needs in all aspects of health beyond just the physical.

We also commit to work with local churches and support and work along with them in the practice of complete and whole person care in the community.

- Preparing for surgery and recovering from surgery.
- To cope with hard and difficult health news. The life questions, the family and next steps.
- To pray and support young mothers through pregnancy, child birth and related non-medical issues.
- People in aged care.
- All other individuals whom the Holy Spirit places on our path.

Who can join us?

Therefore, we call upon any Christian believers who have had the calling to be intercessors, chaplains, support workers, counsellors or believing friends and neighbors. You are welcome to join us in our journey to walk beside the people who are looking for help.

The Complete Person Care (CPC) stream of HCFA also recognizes the importance of those who are already involved in providing such care. We are willing to work along with you pray with you and support you as needed.
